

Worker Name: Dayna Gordon

Family ID :

**GRADE 7**

**WHY THE FAMILY IS IN NEED:** This is a single mother of three young daughters. She has a history of substance abuse and mental health resulting in her children having to be in foster care three times. She recently obtained a part time job as a CNA, which decreases her government benefits. The children are very active and in need of items for themselves and their home! This is the first time the family will celebrate Christmas together in two years!
