WHY THE FAMILY IS IN NEED:

These parents are originally from Central America and both came to this country for a better life and safe environment. In search of this, they left behind their supports and family members. The parents are currently facing financial hardship as the father became sick and lost his job leaving the mother to be the main breadwinner to the home. Most, if not all of their income, goes to paying for bills and market rent- leaving no money to buy or provide any fun or additional wishes for their young children.
